

STEPHENS SESSION

Stephens Session is a chance for campers with different developmental needs to be accepted for who they are and celebrated for all they have to offer. While at camp, we will focus on abilities rather than disabilities allowing all involved to see we are more alike than we are different.

What We Do

- Provide an opportunity to live in and with the broader camp community
- Provide each camper their own trained summer staff member
- Provide an opportunity to partake in every activity camp offers with special adaptations to meet the needs of the camper
- Provide an opportunity to step away from activities if anything becomes overwhelming

Is My Child Ready?

- Is your child able to cope with a shift in their usual daily schedule?
- Is your child able to communicate with staff in some way? (verbal or non verbal)
- Is your child able to care for themselves when using the bathroom? (day and night)
- Is your child able or willing to be active for large stents of the day? (with breaks)
